## FOREST FIRE WARDEN'S REPORT

---

### Forest Fire Prevention is Everybody's Business

New Hampshire faces a continuing challenge in its forest fire problem — 97 percent of all our forest fires being man-caused and preventable — a serious indictment of interest in our own welfare and that of our neighbor. Both the State and the towns are striving diligently to effectively meet the challenge through education of the public to the threat fire presents to our woodlands; by maintaining a well trained corps of wardens and deputy wardens in every community and by providing ample opportunity for all who wish to dispose of unwanted waste materials. Careless and perverseness, however, continue to be the big hurdles.

Thoughtlessly discarded lighted cigarettes and matches from moving vehicles, by hikers, hunters and fishermen; careless burning of debris during hazardous periods in dangerous locations; illegal burning; improperly extinguished debris, camp and cook fires — all result in serious loss of property disruption of industry and farm work and unnecessary expenditure of town and state funds.

To meet the challenge successfully, the state, your community and your local forest fire warden need YOUR thoughtful and cooperative effort — The rules are simple.

1. Don't burn at home — use your town dump and avoid all fire problems.
2. If you do burn, be sure to secure a written permit from your local forest fire warden when the ground is not covered with snow. Permits are required for open debris fires, home incinerators, outdoor fire places and camp fires. Your warden is instructed to permit burning if weather conditions, site and type of burning are safe .
3. Be sure that all lighted material — cigars, cigarettes and matches— are completely out before discarding them. Use ash trays in automobiles.
4. Make certain that your debris, camp and cook fires are completely out before leaving them.
5. Insist that others be careful and comply with burning requirements.
6. Call the warden promptly when fire is detected and aid him to extinguish it.

**REMEMBER** - the fire you prevent might be the one which could burn YOUR property.

**REMEMBER** FOREST FIRE PREVENTION is EVERYBODY'S BUSINESS and our MOST IMPORTANT UNDERTAKING.

**1957 Forest fire record for your town**

Number of fires, 1; Acreage burned, 1; Number of permits issued, 40.

## SUPERINTENDENT'S REPORT

---

To the School Board and Citizens of the Goshen-Lempster Cooperative School District No. 5, I herewith submit my first annual report as Superintendent of Schools.

One new teacher was hired this year to complete the faculty at the cooperative school. Mr. Robert Jewell was assigned the seventh and eighth grade room. In addition to his teaching responsibilities, he has been building principal in charge of school organization and administrative details. Mrs. Doris Newman returned to teach in the primary room, grades one and two. Mrs. Myrtie Starkey continued as teacher of grades three and four. Mrs. Frances Wirkkala, our former principal, was assigned grades five and six.

The teachers and students have enjoyed very much their first full year in the new building. The towns way well be proud of the facilities provided for the children of these communities.

Mrs. Sarsfield was engaged to supervise the hot lunch program. She has provided very fine lunches for all who wished to take advantage of this service. Mrs. Clark was hired in November to assist Mrs. Sarsfield and do the accounting for this department.

It is hoped that in the spring a hot top will be provided for all drive-ways, walks and the parking area. This improvement will help immeasurably to preserve the floors in the new building.

Mrs. Newton was engaged to do the janitor work in the building. The rooms are swept daily and, during vacation periods, the floors are washed and waxed. The maintenance of any building is an important program in the school, and every effort should be made to preserve and maintain this new building. This requires the vigil of all concerned.

Miss Florence MacIver has been our school nurse and we all appreciate the fine work she has done over the years. This has been a very hard year for her due to much sickness in the late fall. You may be sure that the children of this district will have the benefits of a very efficient health program under the guidance of our school nurse.

My experiences with the cooperative school board have been most pleasant. I have enjoyed working with them and with the teachers in the school. The school board members have shown a genuine interest in the teachers, children and management of the school. They have given unstintingly of their time.

It is expected that next year we will have an entering class in the first grade of sixteen pupils. There are fourteen eighth grade pupils who should be graduated. This will mean a probable total enrollment in the

school next year of one hundred and twenty-four, or an average of thirty-one pupils per room.

I am suggesting a longer school year for 1958-59. By law we must have one hundred eighty days of attendance as a minimum requirement. Much time is lost during the year due to teachers' convention, conferences, inclement weather and other reasons. Provision for a few extra days in the school calendar will eliminate the necessity of making up lost time.

New window shades have been provided for all classrooms since these were not included in the original building program. This equipment was much appreciated by the teachers and pupils alike.

I wish to thank the school board, teachers and citizens for their fine cooperation and support throughout the year. We shall do everything in our power to provide for the children a school program of which you may be proud.

Respectfully submitted,

NOYES C. STICKNEY, SR., Supt. of Schools

## **SCHOOL WARRANT**

### **State of New Hampshire**

---

To the inhabitants of Goshen-Lempster Cooperative School District No. 5 qualified to vote in district affairs:

You are hereby notified to meet at the Goshen-Lempster Cooperative School, Lempster, on the twenty-second day of March, 1958, at two o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Member of the School Board for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Member of the School Board for the ensuing five years.
5. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
6. To hear the reports of Agents, Auditors, Committees, or officers chosen, and pass any vote relating thereto.
7. To determine and appoint the salaries of the School Board and fix the compensation of any other officers or agent of the district.

8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization and building funds, together with other income; the School Board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will authorize the School Board to appropriate receipts from federal lunch reimbursements, tuition, gifts and other receipts from miscellaneous sources, in addition to the original appropriation for 1958-59, for the lunch program, general expenses, equipment and improvements.

10. To see if the district will authorize the School Board to make application for and to receive, in the name of the district, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the U. S. Government and/or state agencies.

11. To see what sum of money the district will raise and appropriate for providing hot top surfaces on driveways and parking area at the Co-operative School.

12. To transact any other business that may legally come before this meeting.

GIVEN UNDER OUR HANDS at said Lempster this twenty-fifth day of February, 1958.

## PRINCIPAL'S REPORT

---

As I begin the writing of this report, I have the feeling that this year marks the beginning of a new concern for education, not only here but the world over.

This year has witnessed man's first concentrated attempt to penetrate outer space and the result has shocked us into a sudden self-examination. The question that has inevitably forced its way into our minds is, "How does our educational system compare with that of the rest of the world?"

At such a time and in such an atmosphere I feel that, with all confidence, I can say that this has been a successful year for the Goshen-Lempster school system.

This year witnessed the first anniversary of the opening of our new plant. As with all infant organizations, some problems have arisen and been dealt with; some still remain. However, the small problems notwithstanding, our plant is one that is the envy of many larger communities. It is one which lends itself easily to comfortable instruction.

Our faculty has been a congenial, happy group to work with and I wish to personally thank them for their assistance with administrative duties.

Our hot lunch program has been quite successful with over 100 students participating. The meals have been excellent, both in quality and preparation.

Miss MacIver has conducted an apt and thorough health program. The highlights of this program have been the T. B. tests and the dental clinic.

Considering the consistently inclement weather of this particular winter, I feel that the bus service has been very creditable. We have had very few occasions of tardiness.

In conclusion I should like to express my gratitude to the School Board who have been ever willing and anxious to serve the school interests, and to assist me personally as well. I also extend my thanks to Mr. Stickney who has been a helpful advisor and friend.

Respectfully submitted,

ROBERT L. JEWELL, Principal

## SCHOOL NURSE'S REPORT

---

Many times during the past 5 years I have been asked these questions: "Do you work for just this school district?" or "How many schools do you visit?". I would like to take this opportunity to answer these questions.

Your school nurse is employed by Supervisory School No. 5. Union No.

5 is comprised of six school districts — one of which is a consolidated school district serving two towns. We have approximately 1300 children in 9 school buildings. The building and opening of three new schools within the last four years resulted in the closing of 14 old one room school houses. The opening of these new buildings has resulted in my having more time to work with the children and more time to visit with parents. Both of these factors have led to a better understanding of the children's problems as well as better means to cope with them. Most important, however, is the fact that these new buildings have provided a more healthful and wholesome atmosphere for both pupils and teachers.

The main office of the school nurse is in Charlestown. As most of you know our Union covers a large area. One of our districts is 30 miles from Charlestown, another is 21 miles, another is 20 and the other two districts are 7 and 9 miles from Charlestown.

A monthly schedule is set up by the school nurse. Certain days of each month are set aside for each school district and a copy of this schedule is posted in each school. Unless an emergency arises or the weather prevents traveling this schedule is met. Needless to say this type of schedule must be flexible to a certain degree. The same type of health program is carried out in all areas.

Salk Vaccine Clinics have again been made available to all areas. Everyone wishing their children to have Salk Vaccine have had several opportunities to do so. At the present time, there are no plans for further Salk Clinics in the schools. It is hoped that the pre-school children will have their Salk Vaccine through the Pre-School Immunization Clinics. These clinics will be available to all areas.

Our routine testing programs were carried out this past year as usual. The fine response and cooperation of parents and interested individuals resulted in many more corrections of defects than we have had in the past. These defects included problems in vision, hearing, dental needs, orthopedic needs, general health, social and classroom adjustments, as well as speech difficulties. In instances where financial assistance was necessary it was provided by private citizens, service clubs and State agencies.

I would like to express my sincere appreciation to all of you who have helped so much with the school health program — parents, School Board, Superintendent, teachers, principals and those of you who have helped so much with our various clinics. Thank you.

Respectfully submitted,

FLORENCE MACIVER, School Nurse
